

Focus on Food Safety

Guidelines for Sick Food Workers

Employees must report the following symptoms to their employers:

- Diarrhea
- Vomiting
- Fever
- Jaundice
- Sore throat w/ fever
- Infected wound
(i.e. cut, lesion, or boil)
- Contact with confirmed “Big Four”

These employees may not handle food or clean equipment!

The Big Four:

- Salmonella Typhi
- Shigella
- E. Coli
- Hepatitis A

Employees with confirmed Big Four must be excluded from working in a food establishment until cleared by a doctor and the illness must be reported to KDA!
